

Heritage Committee

D.G. Chapman, P.Eng., FEC (Chair)
A.H. Bailes, P.Geo.
J. D. Bamburak, P.Geo.
L.A. Bateman, OM, P.Eng., FEC
G.N. Cook, P.Eng.
D.A. Ennis, P.Eng., FEC
M.J. Gregoire, P.Eng.
R.M. Jones, P.Eng.
A.N. Kempan, P.Eng., FEC
W.C. Kennedy, P.Eng.
S.M. Kovnats, EIT
A.D. Myska, P.Eng.

The mandate of the committee is to research, document and archive the heritage of the association, its members and the results and impact of the work of its members.

The committee has been very active over the past year building the foundation of a Wiki style web site focused on the worldwide work of our members. When the site goes live there will be several detailed articles and many more introductory articles. Our hope is that there are people within our membership and readers of the Keystone Professional who can expand, confirm or correct our information.

Until this year our committee lacked expertise in all areas of geoscience, but that has been partially rectified through welcome additions to our membership.

To facilitate the creation of further articles the committee will be advertising for Member-in-Training volunteers to work on literature searches (hard copy and electronic) in areas where the committee lacks expertise. This work will be mentored and eligible for volunteer credit.

The committee has also undertaken a series of articles for the Keystone Professional.

We are very interested in continuing the documentation of our heritage. If you have photos, documents, artifacts, or information about our members, past and present, or the projects they worked on, we would like to hear from you. We are also interested in expanding our committee, so if you have an interest in committee please contact the office or email heritage@apegm.mb.ca.
