This year the Nominating Committee met two times and established a slate of eight candidates for the four vacant Professional Engineer positions that will exist on Council. The committee sought additional candidates for two vacant Professional Geoscientist positions, but no additional candidates were found. The one incumbent councilor who is a Professional Geoscientist has agreed to let his name stand for another term. Additional nominations may be made by the membership.

The chair of the Nominating Committee is also responsible for the committee that appoints the Appointed Councilors whose terms have expired. This year the 2-year term for both of the Appointed Councilors on Council will expire in October 2012, however both have agreed to let their names stand for another term. In accordance with the Act and Bylaws, consent letters were received from both the Minister of Labor and the Provincial Ombudsman approving the appointments for another 2 year term.

I would like to take this opportunity of thanking all the Committee members for their dedication and work in providing an excellent slate of candidates for Council and to Grant Koropatnick and Lorraine Dupas for their continued help and advice.
