WHY PARTNER WITH US?

SPONSORSHIP OPPORTUNITIES

Ingenium is a premier professional development opportunity for the engineering and geoscience community in Manitoba. The Ingenium Professional Development Seminars will be held in a virtual environment, allowing broader participation of the Association's geographically diverse 10,000+ practitioners who work in the province's private and public sectors.

The annual Engineers Geoscientists Manitoba **Awards Ceremony and Recognition Lunch** will take place in-person, honouring member achievements and corporate contributions in the fields of engineering and geoscience.

These events offer substantial value to program sponsors:

-  Focused engagement with practitioners from the fields of engineering and geoscience across Manitoba
-  Exposure to senior decision-makers in the industry
-  Association with a well-organized and productive series of events
-  Recognition as a supporter of excellence in engineering and geoscience
-  Exposure to new talent in the engineering and geoscience fields

Sponsors will also receive a sponsor recognition package commensurate with their level of support.

This proposal outlines all levels of sponsorship available as part of the virtual Professional Development Seminars and Annual Awards Ceremony and Recognition Lunch. If you are unable to contribute financially, we'd be pleased to discuss in-kind sponsorship.

Contact the Association to discuss a sponsorship package tailored to your needs, including all levels and forms of in-kind contributions. Sponsorships are time sensitive and secured on a first-come, first-served basis.
