## **AN OPEN LETTER TO ENGINEERS AND THOSE WHO SUPPORT ENGINEERING**

The Association of Professional Engineers and Geoscientists of Manitoba (APEGM) and the University of Manitoba Faculty of Engineering are holding their annual fund-raising golf tournament ***Making Links Engineering Classic*** (MLEC) at the Bridges Golf Course on Wednesday, August 17, 2005. Net proceeds from the event will go towards the education of Manitoba's future engineers at the University of Manitoba.

We seek donations of items for our silent-auction draw that will be held at the dinner portion of the tournament. If you are willing and able to help us, please deliver or send your donated items to **APEGM, 850A Pembina Highway, Winnipeg, MB, R3M 2M7**. Should you have questions, please call APEGM at 474-2736.

The objective of MLEC is to contribute to the education of Manitoba's future engineers; we hope that you will support this objective. We will gratefully acknowledge your donation at the tournament, in the APEGM publication *The Keystone Professional*, and in the University of Manitoba campus newspaper *The Bulletin*.

Yours truly,

Chris Berkis, P. Eng.  
Chair  
MLEC Organizing Committee

Doug Ruth, P. Eng.  
Dean, Faculty of Engineering  
University of Manitoba
