*Synopsis: The IMAX® space legacy continues with Magnificent Desolation: Walking on the Moon 3D, which will transport you to the surface of the Moon to walk alongside the extraordinary Apollo astronauts who have stepped upon its surface. With never before seen photographs, CGI renditions of the lunar landscape and previously unreleased NASA footage, you will be immersed in the life-changing experiences of these astronauts by showcasing what they saw, heard, felt, thought and did while on the lunar surface through the magic of IMAX 3D.
