This year the Nominating Committee met three times and established a slate of six candidates for the four vacant Professional Engineer positions that will exist on Council and two candidates for the one vacant Professional Geoscientist position that will exist on Council. Additional nominations may be made by the membership.

The Chair of the Nominating Committee is also responsible for chairing the committee that replaces the Appointed Councillors whose terms have expired.

This year two new Appointed Councillors have agreed to serve on Council, in addition to the two Appointed Councillors that currently serve on Council.

I would like to take this opportunity to thank all the Committee members for their dedication and hard work in providing an excellent slate of candidates for Council and to Grant Koropatnick and Lorraine Dupas for their continued help and advice.
