

2015/2016 CIPWIE MENTORSHIP PROGRAM: CALL FOR FEMALE MENTORS

Are you a Woman in Engineering interested in giving back to the profession through mentoring?
If so, the Committee for Increasing the Participation of Women in Engineering (CIPWIE) invites you to enroll in our mentorship program!

WHAT

The CIPWIE Mentorship Program is a pilot program aimed at supporting 2nd year female engineering students as they transition into their chosen engineering discipline by pairing them with a female professional engineer working in a similar engineering field.

The program consists of four mentorship events held between October 2015 and April 2016.

WHO

The CIPWIE Mentorship Program is seeking female Mentors who are currently registered as a P.Eng. with APEGM.

HOW

To find out more information review the CIPWIE Mentorship Program Mentoring [Policy Statement](#).

To become a mentor for the 2015/2016 Program year, complete an [application](#) by September 25, 2015.
