

Advertisement Number: 33621 & 33638
Job Title: Inspector – Boilers and Pressure Vessels
Job Classification: IMS - Inspector Mechanical, Codes and Standards
Job Type: Regular Full-time
Department: Growth, Enterprise and Trade/Office of the Fire Commissioner
Location: Brandon, MB (advertisement 33621) and Winnipeg, MB (advertisement 33638)
Salary Range: \$62,463 - \$79,597 annually
Closing Date: 5 February 2018

The Office of the Fire Commissioner (OFC) is a special operating agency (SOA) of the Manitoba government that performs a critical role in ensuring and maintaining Manitoba's public safety. The overall mission is to safeguard both persons and property from fire and life safety hazards through education, investigation, emergency response and code application.

The Agency is seeking to fill one (1) regular full-time Inspector - Boiler and Pressure Vessels position in Brandon, MB and one (1) in Winnipeg, MB.

If you are looking for a rewarding and exciting career, this is a great opportunity to join our team. The Manitoba government has a comprehensive compensation and benefits package which includes extended health care, health spending account, dental care, vision care, long term disability insurance, group life insurance, maternity/paternity leave, family related leave and a defined pension plan (some pension plans allow for portability between the Civil Service Superannuation Board and employers). Training and career development opportunities are also available for employees.

Essential:

- A Degree in Mechanical Engineering registered with Engineers Geoscientists Manitoba or an equivalent body from a reciprocating jurisdiction; a Mechanical Engineer-in-Training (EIT); Certification as a Mechanical Engineering Technologist (CET); or certified, or eligible for certification, as a 2nd class Power Engineer in the Province of Manitoba. An equivalent combination of relevant education, training and experience may be considered.
- Experience in the operation, installation, service, maintenance and/or inspection of boilers and pressure vessels.
- Knowledge of, and the ability to interpret and apply, the acts, regulations, codes and standards governing the safe installation and operation of boilers and pressure vessels in Manitoba and Canada.
- Ability to work independently with minimal supervision.
- Effective conflict resolution and decision making skills with the ability to exercise judgment and identify solutions to problems.
- Superior interpersonal skills with the ability to handle sensitive situations with tact and diplomacy and establish and maintain professional working relationships with the public and other stakeholders.

- Effective verbal communication skills with the ability to clearly explain technical information.
- Effective written communication skills with ability to write inspection and/or investigation reports.
- Knowledge of procedures for conducting effective inspections and/or investigations techniques.
- Proficiency with Microsoft Office applications (Excel, Word and Outlook) and/or equivalent software programs.
- Strong organizational and time management skills with the ability to manage multiple tasks and priorities within tight deadlines.
