

Maintenance Manager – Ste. Agathe (R-4629)

We are looking for a motivated individual to join our team at our Ste. Agathe, Manitoba Canola Processing Plant. As the Maintenance Manager, you will be responsible for overseeing and managing our maintenance and building services while focusing on safety, quality and operational efficiency.

Candidates may have an Engineering degree in Mechanical or Biosystems, along with a minimum of five years of progressively responsible maintenance experience including some as a supervisor and/or manager. Candidates will also have experience in industrial maintenance, boilers, steam production and HVAC systems. Consideration will also be given to candidates with recognized industrial trade certifications with similar experience.

Tracking number: **R-4629**

Viterra offers a competitive salary and benefits plan.

For more information regarding this opportunity, please visit our website at www.viterra.com.

Viterra is Canada's grain industry leader, supported by the expertise of its people, a superior network of assets, and unrivalled connections to world markets. Headquartered in Regina, Saskatchewan, our commitment to agriculture goes back over 100 years, partnering with farmers to market and move their crops to areas of need around the world.

Guided by our values of integrity, trust and respect, our goal is to achieve a workforce as diverse as the people we serve. We encourage aboriginal people, persons with disabilities, women, visible minorities and others to join our team.
