

# Product Data Management Supervisor

Winnipeg, MB  
Production Engineering  
Posted on April 9, 2018

---

New Flyer – North America's largest transit bus, motor coach manufacturer and parts distributor is seeking a **Product Data Management Supervisor** to join its growing international team.

Join us as we continue advancing innovation and sustainable transit solutions that connect people with places. With 31 locations across the U.S. and Canada, and over 85 years of experience manufacturing buses, New Flyer is building on a solid foundation to drive North America forward with progressive transit technology that serves communities and makes cities smarter.

Don't settle for a job when you can build an impactful and exciting career.

## Position Summary:

As a Product Data Management Supervisor, you will be accountable for the supervision, coordination and performance of the PDM Project Coordinators as well as ensuring timely and accurate Bill of Materials generation and management for both sales opportunities and sales release projects.

## What you will do:

- Assign BID / Sales Release responsibilities and balance workload to meet departmental objectives.
- Support the PDM Manager in monitoring and reporting project status.
- Check and approve Engineering Change Orders, Sales Release Change Requests and other documents as authorized.
- Attend cross functional business meetings on behalf of the PDM section.
- Mentor and coordinate training for the PDM Project Coordinators.
- Administer the Employee Performance program amongst PDM Coordinators.
- Drives Continuous Improvement surrounding PDM contributions to the Sales and pre-production processes.
- Establishes effective communication, cooperation, and information flow with cross functional groups

## Skills and Experience:

- Bachelor of Science in Mechanical or Electrical Engineering or Electrical/Mechanical technologist
- Three to five years previous design related experience in a heavy duty manufacturing environment
- Previous leadership or management experience with displayed ability to train and mentor individuals
- Strong time management skills and ability to manage multiple priorities in a fast paced environment
- Motivated self-starter with high level of initiative
- Above average interpersonal, communication and organizational skills
- Ability to find solutions to problems using creativity, critical thinking and reasoning
