APPLICATION FOR EVALUATION OF PRE-GRADUATION WORK EXPERIENCE

Note 1: Pre-graduation experience is defined as Engineering/Geoscientific Experience gained in Manitoba prior to the date of graduation or, in the case of Academic Assessment applicants, the date of Academic Qualification. Normally, up to 12 months of Pre-graduation experience may be claimed toward the Pre-Registration Program. You must submit one progress/supervisor report for each position. See: http://www.apegm.mb.ca/ProgressReports.html for details. Pre-graduation reports may be submitted online just as regular reports are.

Note 2: Pre-enrolment experience is defined as Engineering/Geoscientific Experience gained in Manitoba after the date of graduation (or the date of Academic Qualification in the case of Academic Assessment applicants), but prior to 3 months before the date of enrolment on the Pre-Registration Program or, in the case of Academic Assessment applicants, – enrolment in the Academic Assessment program. Do not use this form for applying for Pre-enrolment experience. Instead, submit your progress reports to APEGM for review and you will be asked to submit payment depending on the number of months for which you wish to claim.

_____,
Last Name Given Name Middle Name(s)
(FULL LEGAL NAME)
