- Work closely with the project team to integrate mechanical and electrical systems and provide support to the fabrication team as required
- Prepare detailed mechanical drawings for manufacturing of completed designs
- Oversee the project, meet deadlines and manage the flow of information

Qualifications:

- Strong mechanical aptitude, ability to decipher and understand the workings of mechanical contraptions
- Experience managing projects and project resources
- Experience with SolidWorks or comparable 3D CAD software
- Working knowledge of sheet metal fabrication and machine shop processes and capabilities
- Strong research skills, comfortable with finding and citing research sources
- Experience in costing and procurement of off the shelf components
- Previous experience designing industrial equipment

What's in it for you?

- A competitive starting salary
- Comprehensive benefits package: extended health, dental, vision, and life coverage
- Overtime/Banked Time
- Vacation Time – 2 weeks vacation at 4%
- Matching company RRSP plan at 3%

Founded in 2001, Tank Traders® started in rural La Salle, Manitoba, as a division under its parent company, Vomar Industries Inc. Now 20 years later, Tank Traders® has exponentially grown into Canada's largest provider of the National Barbecue Propane Tank Exchange Program and operates two key businesses out of the USA market under Tank Traders® Midwest and Tank Traders® Missouri.
